## Implementation Grants Due 4/1

DEQ is involved with four implementation grant applications

- Funds requested in the grants totals to ~\$383 million
- More details about the applications will be released once EPA announces awards

EPA will announce award decisions during summer 2024 and will award funds in October 2024

## Comprehensive Climate Action Plan (CCAP)

- After grant submission, DEQ will begin the CCAP process, which is due summer 2025, and does not have associated funding
- The CPRG CCAP will be Virginia's first statewide comprehensive climate action plan

## What's Coming Up in April?

- **CCAP planning process begins**
- **What's the difference between the CCAP and PCAP? The CCAP includes:**
  - More robust stakeholder involvement
  - Analysis of all significant GHG sources/sinks/sectors in the state, rather than just priority measures
  - GHG emissions comprehensive inventory, projections, and targets
  - A benefits analysis for the entire state
  - A plan to leverage other federal funding
  - A workforce planning analysis
