Questions? Email: NSPGrants@deq.virginia.gov

Information: Section 319(h) project funds are restricted to implementing activities included in EPA-accepted Implementation Plans (IPs) with specific geographic areas. This table lists the 319(h) funding eligibility status of IP areas. The table may be updated as new IPs are approved. IPs must be submitted to EPA for review by 8/31/2024 and approved by 12/1/2024 in order to be eligible. Subrecipients with a current award or who will be starting a new project on or after 10/1/2024, should not apply to the same Implementation Plan area. Contact the regional NPS Coordinator or NPSgrants@deq.virginia.gov for more information.

To obatin a copy of the IP, visit the website below or contact ashley.wendt@deq.virginia.gov. https://www.deq.virginia.gov/our-programs/water/water-quality/implementation/approved-implementation-plans

Table 1: Implementation Plans Eligible for 2025 Virginia Section 319(h) NPS Implementation Program RFA Issued: 06/7/2024

Implementation Plan (IP) Watershed/Report (hyperlink to IP Report)	City/County	Impairment and/or Pollutant	EPA Approval Date	Eligible	Comment
Ash Camp, Twitty's Creek	Charlotte	Sediment	1/5/2016	Yes	
Banister River, Winn Creek, and Terrible Creek	Halifax and Pittsylvania counties	Bacteria	1/19/2016	Yes- see comment	Subrecipient with current award or who will be starting a new project on 10/1/2024 in this IP area should not apply to this same area. Contact NPSgrants@deq.virginia.gov for more information.
Beaver Creek and Little Creek	Bristol, Washington	Bacteria, Sediment	6/3/2007	Yes	
Big Otter River	Bedford, Campbell	Bacteria	5/31/2006	Yes
