To: "Davenport, Melanie (DEQ)" <Melanie.Davenport@deq.virginia.gov>Cc: "dave.davis@deq.virginia.gov" <dave.davis@deq.virginia.gov>, "steven.hardwick@deq.virginia.gov" <steven.hardwick@deq.virginia.gov>, "Golden, James (DEQ)" <James.Golden@deq.virginia.gov>

Melanie,

In case it is useful for DEQ coordination with the USACE, here is the contact info for the USACE staff assigned to MVP's application:

Adam Fannin adam.e.fannin@usace.army.mil; 304-399-6901 (Huntington District)
Teresa Spagna teresa.d.spagna@usace.army.mil; 304-399-6910 (Huntington District)
Kayla Osborne kayla.n.osbourne@usace.army.mil; 304-399-5850 (Pittsburgh District)
Jared Pritts jared.n.pritts@usace.army.mil; 412-395-7251 (Pittsburgh District)
Todd Miller todd.m.miller@usace.army.mil; 804-323-3782 (Norfolk District)

Also, here's the contact info for Tom Walker's counterpart in Huntington:

Michael Hatten

U.S. Army Corps of Engineers, Huntington District

Chief, Regulatory Division

304-399-5610 Phone 304-399-5085 Fax

304-399-6918 Direct 304-638-9573 Cell

To: "Hardwick, Steven" <steven.hardwick@deq.virginia.gov>

Thanks for doing that Steve! Just so you are in the know, this has been an ongoing effort for a bit now...they put into FERC for a variance for this awhile back. Also, apparently Erin Belt is now leading the e&s-related aspects of the MVP and MVP-SG projects in case something comes your way that should go over to that shop.

Hi Brenda,

I received a notification that MVP is requesting a modification to their VMRC permit. They plan to switch from open cut to conventional boring at several of their crossings. I downloaded the associated documents and tentatively put them on the U\ Drive at *U:\VWPP\Pipelines\MVP\Modification from open cut to boring Nov 2020*. I reviewed and I don't see any action required on our part.

Thanks,

Steve Hardwick

Message from Sender:

Mountain Valley Pipeline is pleased to submit the enclosed application package to your respective agencies. Firstly, the package provides an application to the U.S. Army Corps of Engineers (USACE) for an Individual Permit under Section 404 of the Clean Water Act and Section 10 of the Rivers and Harbors Act. This application is being submitted jointly to the Huntington, Pittsburgh, and Norfolk Districts, as well as to the Virginia Department of Environmental Quality (VDEQ) for a Virginia Water Protection Permit and to the Virginia Marine Resources Commission (VMRC) to modify the Project's existing subaqueous lands permit. Note that Attachment B is specific to the VDEQ Submission but does rely on information throughout the full IP application. Attachment C is specific to the VMRC permit application. Note the files are numerous as each individual file is approximately 20 MB. Additionally, flash drives with this information are being delivered to DEQ and VMRC respectively. We welcome any comments or questions you may have regarding the enclosed information. Please feel free to contact Matt Hoover at (724) 873-3009 or MHoover@equitransmidstream.com.

Ladies and Gentlemen,

I am pleased to provide the attached cover letter for Mountain Valley's application for an Individual Permit under Section 404 of the Clean Water Act and Section 10 of the Rivers and Harbors Act.

The Individual Permit Application has been uploaded to the DoD SAFE system. The information is in the process of being uploaded to the VitaShare System.

You will also receive an email from Sean Sparks at Tetra Tech with a direct link to the application. You can access and download the application through that website as well.

As always, if you have any questions please don't hesitate to contact me directly.
